

ANOREXIA NERVOSA

Free outpatient treatment (30 individual sessions)

The University of Sydney is conducting a treatment program for females over the age of 18 who have had anorexia nervosa for more than seven years.

It aims to determine which of two currently available psychological treatments have the best outcome for people with longstanding anorexia nervosa.

For more information please contact Rebecca Smith at the University of Sydney - Phone: 9351 7329 or Email: rebeccas@psych.usyd.edu.au
